

EDUCATION

Sri Eshwar College of Engineering	B.TECH(AI&DS)	CGPA : 8.31 (up to 3 rd sem)	2024-2028
NVKS Sr Sec School	SSLC	89.1%	2021-2022
NVKS Hr Sec School	HSC	89.2%	2023-2024

PROJECTS

Chronic Disease Progression Tracker [GitHub](#)

Built an ML-based web application to predict disease severity (Stage I–IV), 12-month progression risk, and complications for multiple chronic diseases using Random Forest and Gradient Boosting (85–92% accuracy) with cross-validation.

Developed an interactive dashboard with risk visualization and timeline forecasts, along with features like AI chatbot, OCR-based prescription scanning, and patient history storage with a scalable backend.

TECH STACK: Python, Flask, MongoDB, HTML, CSS, JavaScript, Chart.js, Pandas, NumPy, OCR

Smart Waste Management & Route Optimization System [GitHub](#)

Developed a full-stack waste management system with a user app for real-time garbage reporting and monitoring. Implemented route optimization using OSMnx, NetworkX, Dijkstra, and K-Means for efficient multi-truck collection. Built an interactive dashboard to visualize houses, optimized routes, and live truck movement.

Developed an ML model for waste classification, an IoT-based smart bin using IR sensors for fill-level detection, and a separate hardware system for automatic waste segregation using material detection and controlled disposal mechanism.

TECH STACK: Python, Flask, Leaflet.js, OSMnx, NetworkX, K-Means, Machine Learning, JavaScript, HTML, CSS, IoT (ESP32, Sensors)

CERTIFICATIONS

Programming in Java - NPTEL	2025
Mastering Data Structures & Algorithms using C and C++	2025
Python Mastery with Generative AI: Coding to AI Integration	2025
Certification in C IIT Bombay	2025
Certification in C++ IIT Bombay	2025
Electronics Foundations: Semiconductor Devices	2024

ACHIEVEMENTS

Finalist – India Innovates Hackathon 2026 (Top 68 out of 1050+ teams; Ranked 10th in Urban Solutions domain)	2026
Secured 3 RD place in Freshathon (ClassLevel) - SECE	2025
Certified by NPTEL in Programming in Java with 98% score, ranked in Top 1%	2025

PROFILE

Leetcode: 160+ problems solved | GlobalRank:419,065 | Contest Rating : 1500+ | [link](#)
SkillRack: 1000+ problems solved | 12 Certificates Recieved | 290+ Bronze | Rank: 21096 | [link](#)

SKILLS

Programming - C | C++ | Python| Java
Web Technologies - HTML | CSS | JavaScript | React.js | Node.js
Core Concepts - DSA | OOPS | DBMS
Tools - VSCode | Canva | Excel | PowerPoint | Jupyter Notebook | GitHub | Git
DataBases - MongoDB | MySQL Workbench
Machine Learning & Data Science – Machine Learning, NLP, OCR, Scikit-Learn, Pandas, NumPy, Data Analysis
